Press Reviews	<p>Brighton Gin is smooth, gentle and approachable and is mellow enough to be sipped neat over ice. It is particularly delicious as part of a classic G&amp;T, served with a fine tonic and a slice of orange – the better to bring out the citrus botanicals – and works brilliantly in a Martini, a Negroni and a French 75. Locals often drink it as a unique Brighton Gin Rocktail – with tonic, ice and a chunk of Brighton rock.</p> <p><b>Voted the UK's best gin in the 2017 People's Drinks awards</b></p> <p>If, like me, you are a sucker for great packaging, you'll love this. Influenced by its hometown, the ticket-style label features Brighton landmarks and has a beside-the-seaside feel. The gin is lovely, mild and gentle. In fact, one of the botanicals is milk thistle, famous for its hangover- preventing properties. Just saying.</p> <p><b>Helen McGinn, The Daily Mail, 5th November 2016</b></p>
